

HAPPY CRABOWEEN!

HERMIT CRAB SHOPPING LIST

Use this handy list to provide a proper home for your new pet hermit crab

THESE ARE THE ESSENTIALS FOR SURVIVAL!

LET'S BUILD A HOUSE!

Step 1

I need a glass house with a solid lid that holds in humidity.

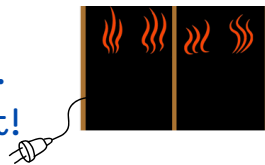

Step 2

I need deep substrate to burrow in. A mixture of sand and coco fiber works best!

Step 3

I need to be warm. Buy me a heat mat!

Step 4

Is it warm and humid enough for me? Buy me a gauge to see!

LET'S EAT

I CAN EAT MANY THINGS INCLUDING FRUITS, VEGETABLES, PLANTS, ANIMAL PROTEIN AND HEALTHY OILS.

100% ORGANIC

I NEED A DRINK

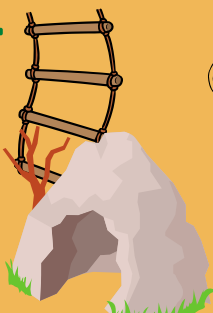

I MUST HAVE ACCESS TO BOTH FRESH WATER AND OCEAN WATER.

NEVER GET IT STRAIGHT FROM THE TAP, THE CHLORINE WILL POISON ME!

LET'S DECORATE

I NEED THINGS TO CLIMB ON, AND PLACES TO HIDE IN TO FEEL SAFE AND AT HOME IN CAPTIVITY.

WHAT (NOT) TO WEAR

I NEED 3-5 EMPTY SHELLS TO CHANGE INTO AS I GROW.

NEVER GET ME PAINTED SHELLS, THEY HURT ME!
