# HERMIT CRAB SHOPPING LIST

Use this handy list to provide a proper home for your new pet hermit crab

## THESE ARE THE ESSENTIALS FOR SURVIVAL!

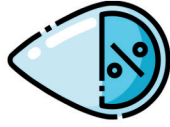

## LET'S BUILD A HOUSE!

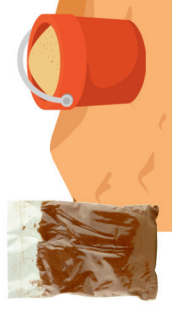

### Step 1

I need a glass house with a solid lid that holds in humidity.

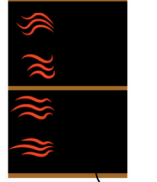

### Step 2

I need deep substrate to burrow in.  
A mixture of sand and coco fiber works best!

### Step 3

I need to be warm.  
Buy me a heat mat!

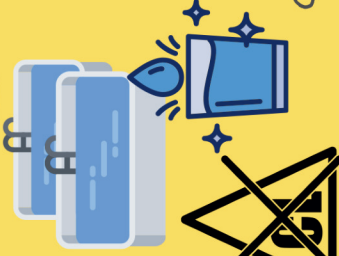

### Step 4

Is it warm and humid enough for me? Buy me a gauge to see!

## LET'S EAT

I CAN EAT MANY THINGS INCLUDING FRUITS, VEGETABLES, PLANTS, ANIMAL PROTEIN AND HEALTHY OILS.

**I NEED A DRINK**  
I MUST HAVE ACCESS TO BOTH FRESH WATER AND OCEAN WATER.  
NEVER GET IT STRAIGHT FROM THE TAP, THE CHLORINE WILL POISON ME!

## LET'S DECORATE

I NEED THINGS TO CLIMB ON, AND PLACES TO HIDE IN TO FEEL SAFE AND AT HOME IN CAPTIVITY.

**WHAT (NOT) TO WEAR**  
I NEED 3-5 EMPTY SHELLS TO CHANGE INTO AS I GROW.  
NEVER GET ME PAINTED SHELLS, THEY HURT ME!
